

HEIGHT SUGGESTIONS FOR PANELS+DRAPERY

- 1 VALANCE** — For panel styles that will be used as a top treatment or valance, we recommend approximately 10-20" for length.
- 2 SILL LENGTH** — A great choice for a window in a recess or above furniture, or for one that is opened frequently.
- 3 APRON LENGTH** — For the ideal proportions, apron length should fall about 4" below sill.
- 4 CAFÉ LENGTH** — Panels usually measure $\frac{1}{3}$ of the window length. These styles are especially useful for kitchens, allowing both natural light and privacy.
- 5 FLOOR LENGTH** — Draperies should fall about $\frac{1}{2}$ " above the floor.
- 6 EXTRA LONG PUDDLE LENGTH** — Add another 6-10" of length, which is to be arranged in puffs on the floor (not recommended for windows in high traffic areas).

DELIVERY TIMES We will begin manufacturing once your order has been placed. Once your product is made, with our standard shipping method, delivery time is approximately 7-10 additional business days. We ship each item as soon as it is made, so multiple item orders may arrive separately (multiple items of the same product will ship together). Oversized items will be shipped via freight carriers.

NEED IT SOONER? Next Day and 2nd Day delivery available for most products.

SALES TAX We collect applicable sales tax on all orders shipped to these locations: AZ, CA, CO, CT, FL, GA, IL, MA, MD, NJ, NY, OH, PA, RI, TX, VA, WA, DC. We'll calculate your tax prior to finalizing your order.

MEASURING+INSTALLATION SERVICES Measuring cost varies by market and applies to standard windows and treatments only; additional charge for specialty shapes and sizes, wood shutters and for some drapery styles. There is a minimum labor charge on installation; cost varies by product. Services are provided through contracts issued to homeowners by United Independent, Inc. and United Independent is solely responsible for performance of work and all related warranties. United Independent is an independent company providing in-home professional contracting services and maintains a national network of local service professionals. Smith+Noble acts solely as an authorized sales agent for service contracts issued by United Independent.

COMPANY CREDITS, EXCHANGES & CANCELLATIONS Since Smith+Noble Windowware custom products are made to your specifications, after 30 days of receiving your order they cannot be returned for any reason other than warranty service. Within 30 days of receiving your order, please see terms of our Satisfaction Guarantee on p28. Non-custom products may be returned within 30 days of their shipping date for exchange or credit (less a 15% restocking fee) toward another Smith+Noble purchase. Return freight charges will be paid by the customer. Products must be returned via a trackable delivery method and received in like-new condition. Call Customer Service for return address information.

MEASURING FOR PANELS + DRAPERY

Soft Top (150% Fullness)

Ring Quantity	7	9	12	14	17	19	22	24	27	

Casual Pleat, Parisian pleat, Pinch

	width → in inches									
	UP TO -	16½"	40½"	64½"	88½"	112½"	136½"	160½"		
	16"	40"	64"	88"	112"	136"	160"	184"		
Ring Quantity	8	14	20	26	32	38	44	50		

WIDTH MEASUREMENT

- Measure the width you wish to cover; for best results, add 1-4" overlap on each side of your window.
- All styles come with the appropriate amount of fullness built in, so order the exact width needed then divide by the number of panels you'd like.
- All Panels sold as single panels (not pairs) unless ordered as Split Draw Drapery.

HEIGHT MEASUREMENT

- Finished height is measured from top to bottom, including tabs, or rod pockets (Flounce Top measured from top of flounce to bottom of panel). These styles are normally ordered to be installed 4" above the window or near the ceiling

(be sure to add these extra inches to your final measurements to ensure the correct height).

- All Panel styles can be ordered as Panel Valances up to 20" in length.

GENERAL INFORMATION

COLOR & MATERIAL REPRESENTATION Colors and textures in this catalog or on your computer monitor may vary slightly from the actual materials. Wood and Natural Woven products also have natural variation in grain and finish. Material swatches are not backlit when photographed, and may appear different in your windows. For a more accurate representation of color, privacy level or texture, please request swatch materials before ordering.

CATALOG EFFECTIVE THROUGH JUNE 30, 2009. All prices, products and options shown are available through June 30, 2009. Pricing does not include shipping/processing fees. Product prices, specifications and availability may change without notice.

TERMS OF SALE Since Smith+Noble Windowware products are custom made to your specifications, after 30 days of receiving your order no refunds or exchanges are possible except for warranty service. All orders are FOB Shipping Point, may not be cancelled or changed once they have been entered, and are paid in full when the order is placed.

SHIPPING/PROCESSING CHARGES Find the applicable charges for your order on the chart below.

Standard Shipping*	Free
Alaska & Hawaii**	20% of product total
2nd Day Delivery***	add \$34.95 per order
Next Day Delivery***	add \$49.95 per order
Oversized items****	add \$35.00 per unit

* Excludes Wood Shutters. Add 10% to total product order.

** Orders delivered to Alaska and Hawaii are shipped by air freight. We also do not ship outside the United States, or to APO/FPO addresses, PO Boxes, Guam, or Puerto Rico.

*** Express delivery not available to Alaska or Hawaii

**** Extra large or heavy items, including packages over 108" long or weighing more than 150 pounds, will be delivered by truck; please consult Customer Service if you have questions about your specific order.

EXCEPTIONS On rare occasions there may be delays due to out-of-stock materials, inventory taking, shipping delays, temporary factory overload or factory closures.

PRIVACY POLICY Our privacy policy is available at smithnoble.com. Click home page privacy-security link.

WARRANTY SERVICE All Smith+Noble Windowware products are designed for a lifetime of trouble-free use and are covered by a limited lifetime warranty. Warranty applies to the original customer and installation with proof of purchase and covers any defects in materials or workmanship provided the product is measured and installed according to the product instructions. If warranty service is needed, call Customer Service and we will arrange for a repair or replacement as quickly as possible. Smith+Noble reserves the right to determine if your piece warrants a repair or partial replacement of any parts, or in the unlikely event the entire piece is defective, it will be handled accordingly.

BUY 4, GET 1 FREE OFFER DETAILS

Get 1 window treatment FREE with each 4 window treatments purchased. Wood Shutters, Home Décor items and clearance-priced items are not eligible for this offer; does not apply to installation fees for Measure+Install services. There is no limit to total number of units you may order, however Free products must be of equal or lesser value than the lowest valued unit purchased (Panels are per unit only). WRAPPED HEADRAIL

We wrap the headrail in your chosen fabric, with minimal visible staples.

CLEAN-FINISHED FINDINGS

Clean and even for a pleasing appearance and smooth operation.

FULLY-FINISHED CORNERS

Neatly stitched in place with unobtrusive, color-coordinated thread.

COLOR-MATCHED DETAILS

Drawcords, tie-off cleats, even the screws and brackets match.

THEIRS

Unfinished look, and uneven staple placement.

THEIRS

Puckered fabric, plus a dangerously sharp unfinished edge.

THEIRS

The corners just folded over and glued in place.

THEIRS

A hodgepodge of colors and finishes in the components.

2. now make it personal

TOP DOWN/BOTTOM UP

2 ON 1 HEADRAIL

RING TOP

LOOP CONTROL

for more upgrades, decorative trims, valances and shade motorization log onto smithnoble.com

Top Down/Bottom Up Enjoy enhanced light control options. Lower shades from the top to let in light while maintaining privacy, or raise conventionally from the bottom. Available on Flat Roman, Classic Roman and Soft Roman styles. Not available with Loop Control, Dual Shade or Ring Top upgrades, or sheer fabrics.

2 on 1 Headrail Smart option for wide windows, where a single shade would be prohibitively heavy. One headrail over two side-by-side shades also creates a unified look, and lift cords on each shade allow for independent operation. Available for Flat Roman, Classic Roman, Soft Roman and Cuffed Roman styles only.

Ring Top Select ring style and finish from our Turned Wood (p54), Metalware (p54), Bamboo (online) and Wrought Iron (p54) Hardware Collections. Outside mount only, and we recommend you order enough shade width for a 2" overlap on each side. For maximum widths available in each Hardware style, see charts on p55. Hardware rod sets sold separately.

Loop Control Lets you evenly raise, lower and precisely position shades with a continuous loop secured by a cord guide. Also eliminates dangling cords for added child and pet safety.

Dual Shade Multiply light control options by combining a front layer shade with an independently operated sheer or blackout layer underneath. Select undertreatment in Vintage Sheer, Sheer Voile or Blockout materials shown. Available in Flat, Classic and Soft Roman styles. Not available with Top Down/Bottom Up or Loop Control upgrades.

Decorative Cleat and Tassel Sets Cleats to tie off control cords are available in five distinctive styles and five finishes with matching metal tassels that replace wooden tassels provided with shades. Sold in cleat/tassel sets; two sets required when ordered with Top Down/Bottom Up, 2 on 1 Headrail or Dual Shade.

Ribbon Banding Add a soft, inviting edge accent to Flat Roman or Soft Roman shades. Velvet or grosgrain ribbon, each in eight color options.

Blockout Lining Fabric Shades come standard with Privacy Lining; for maximum privacy and light control upgrade to 3-ply Blockout Lining, which also adds weight and body to shades.

it's **easy** to order!
just follow these steps.

choose **style + fabric**

See pages 42-47. Each fabric is numbered **1**, **2** or **3** reflecting its price category. Look for that number in product price charts to the left to determine pricing in the fabric you've selected.

Flat Roman Shade

This classic style hangs flat when lowered and folds up neatly at top when fully raised. Fold lines are evenly spaced at 10" intervals.

Classic Roman Shade

Evenly spaced fold lines are inverted and seamed in this casual favorite, for precise folds when raised and clean horizontal lines when lowered. We suggest you choose solid or striped fabrics for this style.

Relaxed Roman Shade

Features gentle swag curve along bottom hem. Width defines the number of swags. Hangs in draped, overlapping folds spaced at 4 1/2" to 6" intervals.

Soft Roman Shade

Draped, overlapping folds spaced at 4 1/2" to 6" intervals. Also available as a board-mounted, non-operational valance in 14", 16", 18" or 20" heights and 3 1/2" or 5 1/2" clearances.

Cuffed Roman Shade

Features Flat Roman styling with the novel cuffed bottom hem so current in fashion trends.

Sussex Shade

The look of a London Shade with more tucks in the front for a great, casual feeling. Choose lightweight fabrics in solid colors for best effect.

London Shade

Falls from inverted pleats to bottom swags, with wings at either side. Width defines number of swags. Also available as board-mounted, non-operational valance in 18" height and clearances of 3 1/2" or 5 1/2".

Balloon Shade

Inverted pleats spaced 10" to 15" apart cascade into puffs along the bottom edge. Width defines number of puffs. Also available as a board-mounted, non-operational valance in 18" height, with clearances of 3 1/2" or 5 1/2".
