Storm Chaser® Footwear

NOW EVEN BETTER—more protective, more comfortable and better looking than before

A-E. For Men and Women Our Storm Chasers combine the waterproof protection of rubber boots with the comfort of sneakers. Based on feedback from our testers we've redesigned them for a better fit. The uppers are now made of a softer, more flexible waterproof leather with ecofriendly PrimaLoft® polyester insulation. And we've added a TEK2.5® lining to keep feet dry and allow moisture to escape. The lightweight rubber half-shell and cushioned EVA midsole add flexibility and are built from the same materials used in walking and running shoes. Multi-lugged rubber outsole is now siped for superior traction on wet surfaces. Imported. **Colors** Men's: Deep Coffee/Black. Tan/Deep Coffee. Boot and Slip-On Boot: Deep Coffee/Black. Women's: Deep Coffee/Blue Wave. Shell Khaki/Bright Navy. Dove Gray/Nautical Red. Boot and Slip-On Boot: Deep Coffee/Blue Wave.

Whole and half sizes Men's Medium D 7 to 12, 13, 14. Women's Medium B 6 to 10, 11.

F-H. comfort range 25°F/-30°F For Men and Women

Field-tested for exceptional performance, these boots are lighter, warmer and offer a better fit than before. Pliable waterproof-nubuck-and-mesh upper features reflective trim and is lined with high-performance 400-gram ecofriendly PrimaLoft polyester insulation. Our exclusive waterproof TEK2.5 system keeps moisture out, so your feet stay dry and comfortable in any weather. A flexible, lightweight dual-density shell offers an excellent fit and is less bulky than other winter boots. Specially designed with a ridged heel to help snowshoe bindings stay put. Comfortable EVA midsole. Siped, dual density lugged rubber outsole. Dri-Lex® moisture-wicking lining. Imported. **Colors** Shown above opposite.

Bean's Shearling Casuals

I-L. For Men and Women Everyday shoes with the comfort of slippers. We use the same premium sheepskin shearling as in our Wicked Good® Slippers for these stylish yet practical cold-weather casuals. Natural shearling draws moisture away, so your feet stay warm and dry all day long. Choose waterproof leather or suede upper; both block the elements and resist stains. Shearling-lined memory-foam footbed adds custom cushioning to the sneakerlike EVA midsole. Lightweight rubber outsole grips snow and ice. Imported. **Colors** Leather: Brown. Black. Suede: Black Currant (Women's).

Whole and half sizes Men's Medium D 7 to 12, 13.
Women's Medium B 6 to 10, 11.

Weatherproof Footwear

B, C. For Men and Women We designed these casual weatherproof shoes to keep feet dry in unexpected showers, yet to fit so comfortably you'll want to wear them all day. Made using seam-sealed, waterproof leather or suede uppers that breathe better than the traditional rubber uppers found on most rain shoes. Wide rubber mudguard wraps over toes and instep for extra coverage in puddles. Gusseted tongue and Lycra®-elastane/ neoprene collar block rain. Ortholite® insole pads the strike points of your foot while the soft Dri-Lex® lining wicks moisture. Crepelike rubber outsole sheds mud and helps provide traction. Imported. **Colors** Shown at left.
